Shaping Communities for a Better Tomorrow

CRH 2025 Sustainability Performance Report

2025 Sustainability Performance Highlights

Read the full story in the 2025 Sustainability Performance Report

Targets Achieved

Target Achieved¹
520kg
Cement-specific net CO₂ emissions per tonne of cementitious product

Target Achieved¹
50%
Revenues from products with enhanced sustainability attributes

Performance Highlights

153.6M
Cubic meters of water recycled at our operations

93%
Accident-free locations

0.8kg/\$
CO₂ emissions per dollar of revenues²

51.2M
Tonnes of wastes and by-products recycled

#1
Recycler in North America³

\$15.7B
Revenues from products with enhanced sustainability attributes¹

¹For more information on these targets, see the full report.
²Scope 1 and 2 CO₂e emissions (kg/\$ revenues). CO₂e emissions subject to final verification under the European Union Emissions Trading System (EU ETS).
³CRH estimate based on comprehensive industry research and public reporting disclosures.
