

To the General Meeting of
CRH Finance Switzerland AG, Cham

Basle, 27 March 2020

Report of the statutory auditor on the financial statements

As statutory auditor, we have audited the accompanying financial statements of CRH Finance Switzerland AG, which comprise the balance sheet, the income statement, the statement of changes in equity, the statement of cash flows and the notes to the financial statements, for the year ended 31 December 2019.

Board of Directors' responsibility

The Board of Directors is responsible for the preparation of the financial statements in accordance with Swiss GAAP FER, the requirements of Swiss law and the company's articles of incorporation. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Board of Directors is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Swiss law and Swiss Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control system relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements for the year ended 31 December 2019 give a true and fair view of the financial position, the results of operations and the cash flows in accordance with Swiss GAAP FER and comply with Swiss law and the company's articles of incorporation.

Report on key audit matters based on the circular 1/2015 of the Federal Audit Oversight Authority

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Impairment of financial assets

Risk	The Company issued a bond and uses interest-bearing loans to related parties to fund the parent company as well as other affiliates. Loans amount to approx. 99% of total assets and are therefore material. By definition, amounts recognized on the balance sheet are subject to an impairment risk. When there are indications of possible impairments, management prepares the required calculations and, if applicable, records an impairment or allowance. The calculations are based in part on simplified principles, especially when management considered the risk of an impairment to be low.
Our audit response	We reviewed the calculations performed by management, which were based on audited statutory financial statements or audited group reporting packages. For one more complex calculation, we tested the underlying forecasts and assumptions as well as the clerical accuracy of the valuation model. The calculations reviewed agree with our expectations. Our audit procedures did not lead to any reservations concerning the valuation of uses interest-bearing loans to related parties.

Report on other legal requirements

We confirm that we meet the legal requirements on licensing according to the Auditor Oversight Act (AOA) and independence (article 728 CO and article 11 AOA) and that there are no circumstances incompatible with our independence.

In accordance with article 728a para. 1 item 3 CO and Swiss Auditing Standard 890, we confirm that an internal control system exists, which has been designed for the preparation of financial statements according to the instructions of the Board of Directors.

We further confirm that the proposed appropriation of available earnings complies with Swiss law and the company's articles of incorporation. We recommend that the financial statements submitted to you be approved.

Notes to the financial statements

Accounting policies

The financial statements of CRH Finance Switzerland AG have been prepared in accordance with the Swiss accounting and reporting recommendation of Swiss GAAP FER according to the principle of "true and fair view". The full set of Swiss GAAP FER recommendations have been applied.

The financial statements also comply with the regulations of Swiss Code of Obligations.

Accounting principles

Current assets

Cash and cash equivalents comprise cash on hand, demand deposits and time deposits with a residual term to maturity from the balance sheet date of 90 days at the most. Cash and cash equivalents are reported at their nominal value.

Financial assets

The financial assets are recognized at acquisition costs less impairment, if any.

Liabilities

The liabilities consist of short-term and long-term debts. The accrued expenses and deferred income and payables are reported at its nominal amount. The bonds are recorded at par value.

Related party transaction

Related party transactions refer to the parent company and to other fully-consolidated subsidiaries of the parent company. Related party transactions and related party balances are properly disclosed in the relevant line item of the financial statements or the notes. All transactions with related parties are conducted at arm's length.

Other notes
