# **CRH Balance – The Benefits**

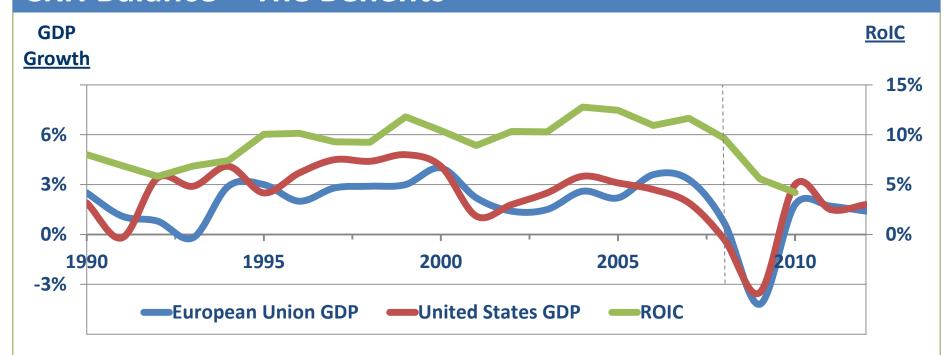

Relative Stability of Returns in Normal Market Cycles

# **CRH Balance – The Benefits**

**Most Severe Recession Since 1930's** 

## 2008-10 Downturn - Short-term Tactical Response ...

- Significant variable cost reductions as volumes declined
- Fixed cost savings from organisational restructuring
- Active approach to cash generation
- Reductions in working capital / capital expenditure
- More measured acquisition approach (from early '08 to early '09)

€2.0 billion of cost reductions implemented since 2007

# ... Combined with Structural Changes

- Increased co-ordination to maximise the benefits of CRH's operational footprint
- Group-wide initiatives focussed on:
  - Operational & Commercial excellence
  - Top line sales growth
  - Purchasing
  - Developing our people
  - Health & Safety improvements
- Review of Portfolio with resultant disposals

Leveraging CRH's scale to deliver sustainable benefits as markets recover

# **Core Elements of Long-Term CRH Strategy Unchanged**

- Balance remains the key
  - O By geography, sector end-use, new build vs. repair & maintenance (RMI)
- Continued "Build & Grow" approach
  - Creating clustered groups of businesses
- Rigorous value-based approach to development
  - The priority superior long-term returns

Returns to drive cash generation for investment and dividend payout
